1. Attached, for your information only, are copies of
WANZ-2633, 24 October 1945, ZX-1223, 3 March 1946, and OSSR-
7572, 17 August 1946. The first two are British Interrogation
reports concerning Dr. J.W. Peter Bruno Gustav von KLEIST.
[] Since this information cannot be passed to CATTIE,
it is suggested that CATLINK be advised to query the British for
additional information.
2. In addition, our records indicate that KLEIST was re-
patriated from Sweden in late 1945. He was accompanied by
four dependents.

a. An intelligence bulletin, dated 23 April 1947, of Headquarters - U.S. Forces in Austria indicates that KUNZEL was an SS-Untersturmfuehrer in the SD in Vienna. He was described as married, 1.6 meters tall, slim, dark hair, almost bald, and wears a mustache. His current whereabouts were unknown.

b. On 12 August 1948, CIB (Counter Intelligence Bulletin) queried Salzburg for information whether Adalbert (sic) KUNGEL, then in custody in the British zone of Austria, was a member of CATIDE. Salzburg's reply, dated 13 August 1948, stated that KUNGEL was a member of CATIDE, and that their files showed that he was a former SS member in Belgrade. Above information contained in MGA-10444, December 1949, which transmitted the Office of Director of Intelligence - U.S. Forces in Austria files on CATIDE.

c. MAVA-178, 6 November 1947, transmitted to an Allied Travel Pass made out in the name of Adalbert KUNGEL.

d. MGA-20296, 4 July 1950, quotes 3rd Army Intelligence Center Interrogation Report No. 16, dated 13 July 1945, based on information furnished by eleven former members of Ast V, which states that Adalbert KUNGEL was last seen April 1945 in Kremsermuenter, Einsatz E/S. He was described as 33 years old, 1.57 meters tall, 55 Kg, black hair, black eyes, oval face, speaks Serbian, Hungarian, and poor German. Another 3rd Army interrogation in June 1945 gave the following on the KUNGEL operation:

"This man was of German descent, came from near Salzburg, and studied there. But at Berlin, was in the Yugoslav Army. Lived in Agram, knows Yugoslavia excellently. He was supposed to work with PAVLJUREVIC, a V-Man from Montenegro, and was supported by DRJILO VAC, Montenegrin Prime Minister at Agram. These people are in Croatia, with V/T outfits; their last reports were from Agram, about the beginning of May."

e. We are trying to locate two documents, MAVA-4460, 1950, and MGA-930, December 1949. When they are found, we will forward any pertinent information contained therein concerning Adalbert KUNGEL.

f. Although the information in paragraphs 3 a, c, and d is from Army records, it is so general in nature and so old that we feel it may be passed to CATIDE, omitting any details that would pinpoint the source. The information in paragraph 3 b is presumably already known to CATIDE.
